V&K Pineapple Canning Co., Ltd was established as a manufacturer of canned pineapple in October 2005.

Strategically located on an 200-acre plot in Ratchaburi province in Thailand, the company is surrounded by 50,000 acres of pineapple plantation. The area's sandy soil results in pineapples with just the right sweetness and fragrance while also being low in nitrates.

In addition to canned pineapple, the company manufactures such other processed agricultural products such as Pineapple Juice Concentrate, Canned Tropical fruit cocktail, Canned Mango Canned Rambutan Stuffed with Pineapple and Canned Sweet corn. The company's products have already acquired solid reputation among consumers.

To consistently achieve the highest quality products, the company maintains a tight focus on all processes in the production chain. Stringent controls are applied at every stage, from selecting the freshest raw materials through precise and hygienic processing and every process is done by state-of-the-art manufacturing technology. The result is the hygiene, safety and overall quality of every V&K Pineapple Canning Co., Ltd. Products are absolutely assured.

Based on its consistent high standards, the company has made inroads into several of the world's leading markets for its products, including Europe, the Middle East, USA, South America, Canada, South Africa, Oceania, China and Asia.
