WE ARE GLOBAL

We export our products to over 25 countries worldwide

OUR TEA

Pure Ceylon Tea; Which is renowned throughout the world for its distinctive flavour, aroma and bouquet, can be categorized into high-grown, mid-grown and low-grown teas each catering to different tastes and national preferences. Our teas are sourced from reputed tea estates with an established reputation for quality, ethical production and environment-friendly practices.

We offer orthodox teas, as well as blends, which are aimed at specialized consumer preferences and niche markets. These are available in bulk or packaged form, in addition to packed and branded teas according to buyer needs.

We also offer flavoured and specialized teas which encompass a wide range of varieties including green teas and organic teas. Quality of our teas is ensured through our new stores and blending facility, fully equipped tea testing room and quality control unit.

OUR FOOD PRODUCTS

Enrich covers a broad variety of food products ranging from spices to rice, chutneys and pickles, bottled and packed items. The ingredients are sourced from the best growers and processors from many regions of Sri Lanka, who are specialized in each particular item.

These are packed in our own plants, where state-of-the-art technology and processes ensure that all Enrich products conform to the best of internationally accepted quality norms. This factor is especially important when it comes to handling, shipping, preservation and shelf-life of our products.

Our products are delivered to the world under the brand Enrich.
